How to Purchase a Pass for Your Child in Mindbody

We know Mindbody can be a bit confusing when setting up juniors. Here's a simple guide to help you purchase and manage passes for your child.

If you run into any trouble, please contact us at **info@redshed.org.au** or call **0447 137 111** — we're happy to help.

1. Using a Family Account (recommended)

If you and your child both have Mindbody accounts that are linked as a "Family Account":

1. Sign in to Mindbody using an internet browser (not the mobile app).
2. Go to **Enrolments**.
3. Select **Sign Up Now** for the course(s).
4. Choose the course dates.
5. Click **Enroll**.
6. At checkout, you can pay on behalf of your child and select their account to enrol.

2. Using a Junior Account

If you don't have a Mindbody account yourself, you can manage everything directly from your child's account:

1. Sign in to Mindbody using your child's account.
2. Go to **Enrolments**.
3. Select the course, choose the dates, and click **Enroll**.
4. Complete the checkout — the enrolment will go directly under your child's profile.

3. Using Your Parent Account

If you already have a Mindbody account but your child doesn't:

1. Sign in to Mindbody using an internet browser.
2. Go to **Enrolments** and select the course.
3. Select dates and click **Enroll**.
4. You can pay for the item, but due to age restrictions, the enrolment won't complete.

👉 Reach out to our team (info@redshed.org.au) and we will then:

- Create a junior account for your child,
- Link it to your account, and
- Transfer the purchase/enrolment to your child's profile.
